Dear Dr. Lovelace:

I want to speak for the entire group that visited you about two weeks ago to express our appreciation for the fine visit through the Lovelace Foundation and Clinic and, in particular, for extending your courtesies in visiting your home.

We were favorably impressed by the presentations by [redacted] and feel that you and [redacted] must be particularly proud and pleased to have these men to work with.

While the more formalized business aspects of our visit will be forthcoming through other correspondence, I want to here thank you for a most pleasant day and evening. Please relay to Mrs. Lovelace our gratitude for extending the pleasure of her home to our group.

Very truly yours,
